Type of Grant: Individual Cooperative Planning-Ind. Planning-Coop.

Category: Prevention Treatment Recovery Harm Reduction Justice Involved

Participating Cities/Countries: <small>(Individual Distribution contributions listed) (if applicable)</small>	Buckingham	Cumberland
Prince Edward		

Total Amount Requested from the OAA for FY24:

Overview of Proposed Grant Program:

Prince Edward seeks funding for a gap analysis of treatment, services, and infrastructure for persons affected by substance use disorder in the county and surrounding areas. This analysis will determine the best and highest use of the opioid abatement funds available to the locality. The goal is to identify needs and develop a comprehensive plan that identifies and prioritizes community needs and how best to meet immediate and future needs. This effort will culminate with coordinated applications to use the opioid abatement resources available.

Summary of Staff Review and Recommendations

Prince Edward County proposes to conduct a gap analysis of treatment, services, and infrastructure for persons affected by substance use disorder in the county and surrounding areas. This analysis will determine the best and highest use of the opioid abatement funds available to the locality. The goal is to identify and prioritize immediate and future community needs through a comprehensive plan. The total cost of the proposal is \$45,900 with a 20% match totaling \$9,180 from Buckingham, Cumberland, and Prince Edward (\$3,060 each) from their Direct Distributions for an OAA request of \$36,720.

After review of the application, staff reached out to Prince Edward for some modifications to the application based on a previously awarded OAA planning grant of similar population size, scope of services, and funding required for the planning effort. The OAA staff proposed a total project cost of \$50,000 with a match totaling \$5,250 (\$1,750 each) from the counties' Direct Distributions, which would result in an OAA request of \$44,750. The county accepted the modification to their application.

Staff recommend the modified proposal offer of an OAA award of \$44,750 with a contingencies that any RFPs issued will include cooperative procurement language and any Cooperative Partnership applications resulting from the plan include a significant use of Individual and/or Direct Distributions.
